

Working Easy: Steadfast bags and cases for the film, video industries

conditions, Di Cosimo has quickly established himself as one of the most innovative suppliers of bags and accessories for video/film professionals. In just 10 years Working Easy has become a recognized and much appreciated brand on an international level.

Today, the company manufactures a large range of sturdy, durable, protective products for hundreds of clients the world over –

Europe, Japan and the Middle East. Working Easy cases, bags and accessories are made with high-quality material such as Cordura

(waterproof, rip stop, washable and flame resistant). They also sport heavy-duty weight-resistant straps and handles. Moreover, all Working Easy products feature special reinforcement and double-strength stitching. Further to their robust and solid construction, Working Easy cases are lightweight, easy to carry and boast an attractive, tasteful Italian design! Working Easy offers a lifetime warranty on all

Easy products can be purchased directly from its Rome office or from exclusive national and international retail stores.
